Dear Parent/Camper:

This year we enter our twenty third year of summer basketball camps. "Teaches" has been successful due to our focus on fun and participation. We believe fundamentals are the base to build a pyramid to success: you must learn to jump before you dunk. Therefore, individual instruction is stressed and our staff/child ratio is low. Throughout the week participants learn individual skills which they can take home and practice privately.

I would like to thank all of our previous campers for their enthusiasm. We hope to see you on the hardwood this summer.

Keep the ball rolling.
