

From the Mayor's Desk...March 31, 2017

Dear neighbor,

Today I join Irvington School District Superintendent Kris Harrison, Board of Education President Catherine Palmieri, Police Chief Michael Cerone, Irvington Recreation and Parks Superintendent Joe Archino and iASK-CAB chairs Tanya Hunt and Allyson Felix in pledging to do all we can to eliminate drug abuse in our community. Unfortunately it seems drug abuse is a growing problem not only in our nation but also in our small village. We are standing up today to say that this is not acceptable and ask that you join us in making a pledge to do everything in your power to eliminate this scourge on Irvington.

Please see the attached letter to the community with more information and the pledge.

Sincerely,

Brian C. Smith, Mayor
Village of Irvington, NY
